MILITARY ENROLLMENT COMPLETED
Increase of Five for the Commutation Tax of Two Dollars Over Last Year—Gradual Decrease in Totals for Five Years.

The military enrollment in this city has been completed and the result has been forwarded to Hartford by L. W. Pratt, clerk in the selectmen's office, who made up the book from the lists furnished by those who made the enrollment in the six districts. Owing to his illness, he was somewhat later than usual this year, but the report is filed out with his customary neatness and precision.
The total number enrolled this year shows a decrease of 17 from the total of last year, which was 79 lower than the year 1907. This year, however, there is an increase in the number to be taxed, by five, although it is 342 less than the number for tax in 1905. This year there are three more militiamen enrolled, nine more in the United States service and five more errors. A decrease of three in the ex-militiamen, twelve less firemen, fifteen less ex-firemen, three less certificates and five less minors. Each of the 1908 for tax are to pay the \$2, the amount of the commutation tax. The militiamen, ex-militiamen, firemen, ex-firemen, certificates, minors, those in the United States service, and the errors are exempt from the tax.
Those who made the enrollment in the six districts are as follows: First, C. P. Caswell; Second, Walter M. Cowan; Third, Chauncey M. Field; Fourth, A. L. Hale; Fifth, Alexander Reeves; Sixth, Clark R. Chapman.
The following table gives the enrollment for this year and for the four previous years in form for ready comparison:

FIFTH COMPANY GETS TWO MORE RECRUITS.
Expect to Go to Fort Terry Sunday for Practice—New Desk Received.

There was a regular weekly drill of the Fifth company, C. A. C., on Tuesday evening, when two new recruits were received. There was a regular drill and guard duty. The company has received a handsome new combination desk and bookcase for the company room, which the clerk will use. It being needed for some time, it was secured through the efforts of the members.
The company expects to go to Fort Terry Sunday for practice at the guns. Orders changing from Fort Mansfield because the outside apparatus is not up to date, have been received, and they could go either to Fort Wright or Fort Terry, but as the Second company, which will go on the same day, is stationed at Fort Wright, it is probable that they will go to Terry.
First Lieut. Pratt was well entertained by this company last week at the annual meeting of the company, when he was elected to the position of adjutant. He is a very capable and energetic man, and has been very successful in his work. He is a native of this city, and has been in the service of the company for many years. CONGREGATIONAL MINISTERS MEET AT GROTON CHURCH.

Rev. E. S. Worcester Presided and Dr. S. M. Howe Read Paper on John Milton.
There were fourteen Congregational ministers, representing as many of the churches in this part of the state, at the monthly meeting of the Congregational Ministers' association in the Groton Congregational church Tuesday morning and afternoon. It was presided over by Rev. E. S. Worcester, pastor of the Broadway Congregational church, calling the meeting to order. Dr. S. M. Howe, pastor of the Groton Congregational church, read a paper on John Milton. The topic was "John Milton: A Study in the History of English Literature." The paper was very interesting and well received. The meeting was held in the Groton Congregational church, which is a very fine building. The service was very well attended, and the meeting was a great success.

AT SHEEDY'S AUDITORIUM.

Motion Pictures and Vaudeville.
The crowded house at Sheedy's theater Monday night had a feature not on the bill when Prince Youturkey, in his European wear, was thrown from his horse just after he had started in his act, and landing on his face on the stage, broke one or two teeth, skinned his nose and badly bruised his lips. The accident was caused by the pulling out of a bolt, letting the tight wire slacken up when the performer's weight came on it and throwing him to the stage. The curtain was rung down while the prince's injuries were looked at, but he went on after a short delay. The second performance after the other vaudeville acts had been put on. The crowd was very large, and the show was very successful.

INSPECTION AT NAVAL STATION.

New Building Will Be Turned Over on April 1st.
Captain Banker, U. S. Marine corps, was a visitor at the Thames navy yard Tuesday, to make an inspection of the new barracks to be tenanted by a detachment of the United States Marine corps. Captain Banker's inspection was to determine if the work on the barracks was satisfactory. As far as is known, there was no objection found to any part of the construction. On his visit to the navy yard Captain Banker was accompanied by the architect who designed the building. It was originally a drill hall, and when receiving ships were being in the yard was used as a storehouse. Now it has been remodeled; carried up to a height of two stories, instead of one, and fitted up for quarters for officers and men, with offices. The building will be ready to be turned over to the Marine corps by April 1st.

FAIRVIEW STILL GAINING.

Pond Is Now 103 1-2 Inches Below High Water Mark, Having Gained 104 Inches.
When Fairview reservoir was measured on Tuesday the water was found to be 103 1-2 inches below high water mark, a gain of 104 inches since Feb. 5. There is a large stream coming in from Bog meadow, where the water has fallen about ten inches, although considerable is flowing to waste because of the poor condition of the dam there. There is still a large amount of water there which will eventually seep into Fairview.
The total rainfall for February was 6.82 inches, of which 6.78 inches fell in fifteen days, between the 10th and 25th.

Dynamited Big Crane.

One of the gigantic cranes at the Eastern Shipbuilding plant at Groton was blown up by dynamite Monday night and the people for miles around thought there had been an earthquake shock. There was no other method of bringing the crane down so that the iron it may be sold for junk. The other cranes will also be blown up by dynamite.

Undigested Food
YOU CAN RID YOURSELF OF STOMACH TROUBLE

MAKES YOU FEEL FINE
Your Druggist Has a Preparation Called Diapiesin Which Will Cure You Before You Realize It.

Some people think they have indigestion, others Catarrh of the Stomach, others Nervousness, Cancer or Dyspepsia, etc. Call it this if you will, but the real name for your trouble is Food Permentation, with only partial digestion. Everything you eat turns to either Acid, Stomach gas or Stomach poison, which weakens the digestive organs, causing a lack of gastric juice. Your stomach doesn't get any food, and you become affected with loss of appetite, pressure and fullness after eating, burning heartburn, a feeling of vomiting, heartburn, water brash and tenderness in the pit of the stomach, slimy tongue, bad taste in the mouth, constipation, nervousness, mental depression and many other common symptoms.
You can cure all this by not eating, but by putting any food in your stomach to ferment, but how about the indigestion? You need to get your stomach healthy. If you are a stomach sufferer, either man or woman, young or old, whether you call it indigestion or any other name, go now to your druggist and give 50 cents for a case of Diapiesin.

TAFTVILLE.

Y., where Mrs. Seidel is employed as a plumber with the American Wood-working company, a branch of which was formerly in Norwich.
